

Public Notice

Brookings County will begin the process of updating the Brookings County Pre-disaster Mitigation Plan. This plan identifies potential natural disasters, their impact and possible projects to mitigate the impact of said disasters. The County is required by the Federal Emergency Management Agency to update this plan every five years. The Brookings County mitigation planning team will meet at 1:00 PM on January 23, 2024 in Room 300 of the Brookings City and County Government Center. The public is welcome to attend. Questions or comments may be directed to Brookings County Emergency Management Director, Bob Hill @ 605-692-5212
